HAMLIN, TEXAS  
FRIDAY,

JULY 21,

NINETEEN HUNDRED  
AND FIFTY

ISSUE  
NUMBER

37

### TEXAN HONORED

Pictured above is Herbert C. Petry Jr., Carlizzo Springs, who is the new president of The International Association of Lions Clubs, (Lions International). He was elected by a unanimous vote at the 33rd annual convention of the Association which closed at Chicago Stadium, Chicago, Illinois Thursday. Petry succeeds Walter C. Fisher, Queenston, Ontario, Canada.

### Jones County Buys Well Over Quota In Savings Bond Drive

Last minute flurries of bond buying in Jones County brought a substantial over-subscription to the quota for the county, according to reports contained in information received from Tate May, Hamlin's chairman of the drive. An interesting note in the campaign which closed on July 4, is a comparison of returns from the four counties comprising this area.

Tabulations released on July 7 and compiled to that date, indicate that Jones County subscribed \$116,420.75, which represents 150.22 per cent of the \$77,500.00 quota for the county.

Haskell County fell short of her quota with subscriptions of 92.75 per cent.

Taylor County came up with 90.27 per cent of her quota with purchases totalling \$169,721.81.

Fisher County apparently failed to give the campaign the effort it required in that they fell to 26.05 per cent of their \$11,300 quota with \$2,943.75 subscribed. The same story was true in Shackelford County where only 22.67 per cent of the quota was raised.

County Chairman A. C. Humphrey of Stamford was particularly proud of the comparative record that the county achieved and called the attention of May to the fact that Jones County ranked 54th in the state in percentages of county subscriptions.

### Youth Choir Heads For Organization

A new development in the cultural field of Hamlin is in the offing with the announcement from Joe Clements that he is to form the Hamlin Apollo Boys' Choir.

Clements has recognized the possibilities contained in organization of a group of this sort as a civic enterprise that could assume proportions of Albany's famed Fandangle. That Hamlin is in need of some form of musical promotion is clearly evident.

Auditions for the choir are to be held Monday afternoon at the First Baptist Church at 3:30 p. m. It was emphasized by Clements that boys who are candidates for the choir need not be possessed of an outstanding voice to qualify. Age range of the prospective organization is to be held between seven and 13 so as to build from a soprano and alto range.

This organization is to be a community sponsored undertaking and will be non-sectarian in character. Negligible expense will be encountered in the development of the latent talent of the youth of the community and it is to be a perpetual activity.

Mothers and friends are urged to attend the Monday meeting at which refreshments will be served.

### Calvary Baptist To Hold Short Revival

Announcement was made Wednesday of the Calvary Baptist Church Revival which will begin Sunday, July 23 and run through Wednesday, August 2.

J. H. Halford of Levelland will conduct the services at 10:00 a. m. and 8:00 p. m. each day.

According to L. W. Pate, pastor, the public is cordially invited to attend the services.

Mr. and Mrs. C. C. Prater spent last week visiting Mr. Prater's sister, Mrs. J. M. Higgins and son, Jim, in Frederick, Oklahoma.

### Drivers License Must Wait, Daws Absent

Joe Daws, driver license examining officer for Hamlin, will not be here as usual on the First Wednesday in August, but will be here the third Wednesday in August.

He asked that those wishing to take examinations for their licenses or would like any information may see him each first, third and fifth Wednesday in each month at the Fire Hall.

### Lions Receive Full Story from Scouts

Hamlin Lions were presented at their Tuesday luncheon meeting with a very informative report from a group of Boy Scouts who had recently returned from the big Scout Jamboree at Valley Forge, Pennsylvania.

Comprising the group were W. L. Fletcher, Jr., Joe Don Hymer, Don Johnson, Robert Angel and Joe Charles League.

To add interest to the program, each of the Scouts chose a portion of their big trip to describe and it was handled as a running narrative.

Following the talks from the Scouts, Joe Clements, recent Hamlin graduate of Hardin-Simmons, presented for the club's consideration a plan for the formation of a youth choir for Hamlin. It was explained by him that this was to be a voluntary labor voluntarily assumed by him and that there was to be no revenue from the endeavor.

The club voted unanimously to endorse the movement as a promising development for Hamlin.

Vice President Clyde Angel presided over the meeting in the absence of Jim H. King, who is attending the international convention at Chicago.

### Softball Champs In Playoff Schedule

Withdrawal of Lions Club from the city softball playoff for the championship for the season left the way clear for scheduling of teams in the big event.

Lions came down to the wire as co-holders of the fourth slot in the standings in regular season play and there was a possibility that they would be compelled to meet Conoco in a sudden-death elimination game. Withdrawal of the youngsters eased this situation.

The withdrawal of Lions from the playoff was made necessary by their participation in a junior tournament being conducted in Stamford.

Thursday night's opening of the two-out-of-three playoffs found VFW opposing Conoco in the first game and Sylvester - contesting Neinda as the final attraction.

Order of play will be reversed on each succeeding night as long as the teams are eligible to compete.

Play will be spread over the nights of Thursday, Friday and Saturday in the first elimination and finals pitting winners in the two brackets will start Monday night.

A feature of the Friday night attraction will be a between games race between selected speed merchants from each of the seven teams engaging in the regular season of play. Course of the race will be from the right field fence to the third base line.

Mr. and Mrs. Wilson Crow and daughter, Myra, of Little Rock, Arkansas, have been visiting in the home of his parents, Mr. and Mrs. F. M. Crow, this week. They will return to Little Rock today.

### Survey of Cotton Acreage in County Indicates Need for Spray Against Bugs

Cotton insect infestation counts made throughout the county last week show that the cotton fleahopper and boll weevil are doing their dirty work, Bill Lehmborg, County Agricultural Agent reported this week.

Carlton Williams reported 12 per cent fleahopper infestation and no boll weevils in a field near Luaders.

Bill Moore checked two fields near Anson and found fleahoppers 12 to 18 per cent and boll weevils 11 to 14 per cent.

In the Nugent area William C. Swindle reported 4 per cent fleahopper infestation, but no boll weevils.

Checks made by Lowell Cure, T. C. Blankenship and Harold Eades of Hamlin, in that area show 2 to 25 per cent fleahopper infestation and a boll weevil infestation of none to 4 per cent.

Checks made by the agent show Tuxedo 20 per cent fleahopper; 2 per cent boll weevil and some boll worm eggs. At Wilson the count runs 12 per cent fleahoppers and 20 per cent boll weevil. At Union the count is 12 per cent fleahopper and no boll weevil. Leafworm eggs were numerous. East of Stamford a count shows 8 per cent boll weevil and 25 per cent fleahopper infestation.

For late season control, a count of 20 to 25 per cent infestation of fleahopper or boll weevils is high enough to justify the use of dusts or sprays.

The maize billbug has been found in grain sorghum crops at Corinth, Tuxedo, Anson and Union. The billbug was first reported in Jones county last year. It causes the maize or feed to have a droughty appearance and later fall over.

The adult is a black weevil about one-third as large as the boll weevil. It has a glossy appearance and a short curved snout. In the spring of the year, the adult lays its eggs in the large root of the plant. It hatches into a cream colored grub with a brown head and measures about one-third of an inch.

This grub or larvae eats into the path layer and thereby takes food the seed head should be getting and also weakens the stalk. It later hatches into an adult or weevils and begins another life cycle.

Since this insect spends about 90 per cent of its life in the ground or stalk, no satisfactory means of control has yet been found. Crop rotation, deep plowing and early destruction of stubble are all that can be done at present.

### Rotarians Hear Of Scout Pilgrimage

The six boys who represented Hamlin's Boy Scouts at the Valley Forge Jamboree gave an interesting resume of the trip to Virginia to the Rotary Club at the Wednesday noon luncheon.

Jake Lawson introduced the six boys who gave brief accounts of the happenings and also expressed their thanks to the club. Don Johnson, told of the trip to Washington, D. C.

W. L. Fletcher told of the sights they visited in Washington, including Arlington Cemetery, Fort Pike, Capitol, House of Representatives, City Chamber. The group were guests at dinner of Congressman Burleson and Mahon.

Robert Angel told of New York City sights including the Empire State Building, Little Church Around the Corner, The Bowery, St. John's Cathedral, N. B. C. Studios, Television studios and the Washington-Yankee baseball game.

Don Hymer told of the highlights at camp with President Truman opening the ceremony.

### U.N. Radio Presents Atomic Broadcast

United Nations Radio documentary feature on atomic energy, entitled "Year of Decision," will be heard over many radio stations all over the world. The program features excerpts from U.N. meetings and includes statements on atomic armaments race and the future use of atomic energy by such authorities as Albert Einstein, whose voice is heard; David Lilienthal; J. Robert Oppenheimer; and Robert M. Hutchins. Movie actor John Garfield (left) and U.N. Radio personnel are shown here recording the program.

### McCaulley Church In Gospel Meetings

McCaulley's Church of Christ will begin a series of Gospel Sermons Saturday evening, July 22 and will continue through July 30.

Services are to begin at 8:00 p. m. each evening. Bro. Elmo Johnson of Anton will do the preaching and each and every one is invited to attend.

### Boy Scouts Circle Civic Organizations Expressing Thanks

Explorer Scouts from the local troop who were selected to make the trip to Valley Forge Pennsylvania, returned to Hamlin last week and have been devoting a principal portion of this week to a tour of the civic bodies who made the trip possible for them.

The group have been loud in their expression of appreciation to these clubs and the manner in which they have described their experiences leaves little doubt that the aid was well deserved.

Tuesday was a busy day for the boys when they visited the Lions Club at noon meeting and called upon the V. F. W. Club in the evening. Wednesday found them appearing before the Rotary Club.

The enthusiastic description of the manner in which they disposed of great quantities of the famous Texas horned toads, the amusement they displayed at the mannerisms of their Yankee cousins and other highlights of the trip brought merriment to each group before which they appeared.

Those who functioned as ambassadors to the local clubs were Don Johnson, Robert Angel, Joe Don Hymer, W. L. Fletcher, Jr. and Joe Charles League.

### Lippe Takes Lead As Softball Hitter

Conclusion of regular season play in the city softball league established definite leaders in batting for the season. Early leaders maintained the pace and finished well up among the top men in the league. Lippe, Conoco jack-of-all-trades, came up with a late season spurt that dominated all others to take the championship.

Below are listed the batters who compiled averages of 300 or better throughout the schedule.

	Ab	H	Ave
Lippe, Conoco	39	22	.564
Dozier, Sylvester	27	13	.481
Perryman, Syl	26	12	.461
Butler, Lions	45	18	.400
McKennon, Neinda	29	11	.379
D. Ford, Lions	24	9	.375
Jennings, McCaul	34	12	.352
Hooper, Conoco	37	13	.351
Carricker, Syl	32	11	.343
Gardner, VFW	34	11	.320
Harbert, VFW	35	11	.314
D. Gregory, Neinda	42	13	.309
Kennedy, Hitson	26	8	.307
Hodnett, Neinda	26	6	.300

Lawlis, a late starter for the McCaulley team provided softball fans with a demonstration of power hitting when he hit five times in seven times at bat for a .725 batting average. He had not appeared a sufficient number of times to be considered in the batting race. Included in his five hits were a homer, two triples and two singles.

Butler of Lions led in home runs with three, White of Sylvester pounded out three triples and Garner rapped four doubles to lead the extra-base parade.

### Interest Wanes As Politicians Near Close of Races

Politics in Hamlin leveled off for the final spurt during the final week of the Democratic primary races.

Indications are that interest has increased as the races approached the fateful day and a large vote is anticipated at the two Hamlin boxes Saturday, July 22.

Announcement was made that the West Box will vote at the City Hall with Lennie Greenway as judge and the East Box will hold forth at the fire station under L. H. McBride as judge.

Principal interest in the Hamlin precinct is centered around the campaign for selection as Democratic candidate for county commissioner. Roy Brown, incumbent, Henry Holloway and Johnnie Agnew are staging a real three-way battle for this position. Thus far there has been little in-

The Herald does not presume to qualify as a political publication through the columns of which public opinion can be molded.

Political qualifications of all candidates are a matter of personal opinion which is reserved for exercise at the polls and injustices have been done to many able men through lack of information as to their ability. Information contained in news matter furnished to us by candidates does not necessarily reflect the beliefs of this newspaper.

Make your own selection, but VOTE!

Indication of the final result in this race and all three candidates have their supporters for the job.

Only other county office for which there is opposition is that for sheriff. Bill Dunwoody, incumbent, and Dave Reeves are expected to engage in a bitter battle for this office.

Strange development in the campaign for state offices is the secondary interest shown in the candidates for governor. Candidates for lieutenant governor are staging a heated campaign and friends of 12 candidates are intensively active in working for their man.

Developments in Korea came at an inopportune time from the standpoint of political candidates and efforts are being frantically made to stimulate interest in affairs in the state. Observers believe that the vote will be light despite a bitter fight which is being waged against tax levies which were made as an emergency measure by the present administration.

### Firemen In School Earn Deduction

Mr. and Mrs. Weldon Hudson and John Graham have returned from the state firemen's school which was held at College Station.

The school was held from July 10th through the 14 and 320 men were enrolled under the tutelage of 67 instructors.

Hudson was enrolled for the fire marshal's course and Graham took the basic firemen's course.

Through attendance at the big fire event the Hamlin delegates were successful in earning a Hamlin. Non-attendance at the meeting would have resulted in an automatic three per cent penalty against the town.

Hudson reported that the calibre of instruction at the school for this year was unusually high and the benefits to the local men will be passed on to the balance of the volunteer department.

### Revival Begins For Assembly of God

A Revival at the Hamlin Assembly of God Church will begin Sunday with services each evening at 8:00 p. m.

Rev. Elsie B. Townsend of Monterey, California will hold the meetings. She is a successful revivalist and composer.

According to Rev. G. W. Estes, local pastor, the public is cordially invited to attend the series. Divine healing service will be held each Saturday.

### House Numbers Continue For

As city mail delivery in Hamlin established itself as an actuality to many that have been in doubt about the service, the call for house numbers to correctly identify Hamlin residences has stepped up.

Numbering of homes and business establishments in Hamlin was started several months ago as a joint Lion and Rotary club activity. Tremendous strides resulted from early activities of the clubs but as time passed the movement became dormant for several months.

The house numbers were surrendered to Mrs. E. M. Wilson at the Chamber of Commerce when B. V. Newberry could no longer devote the time as an individual to the sale.

Records and other means of identification of properties in Hamlin were supplied to Mrs. Wilson and requests for the service are being referred to her.

Postmaster Perry Sparks has reported to The Herald that no serious difficulties are being encountered in the establishment of city mail delivery service and receipt of correctly filed changes of address by subscribers to the service is all that is delaying a full coverage in the city.

### Stamford Softball Draws Lions Entry

Lions Club of Hamlin is being represented in the District 3 soft ball tournament which is being conducted in Stamford this week.

The Hamlin juniors ran into some first-round jitters in their opening battle against Sweetwater and were defeated 9-7. Wednesday they met Aspermont and emerged victorious by a score of 3-1.

The locals were scheduled to engage Stamford in an elimination fray which will knock one of the teams from the race. Participation in the Stamford tournament prohibited the Lions from engaging in the local playoffs as a climax of their season of play.

Guy and Tommy Hart of Lubbock spent the week with their grandmother, Mrs. Lala Harbert while parents, Mr. and Mrs. J. T. Hart were vacationing in Colorado.

Mr. and Mrs. L. F. Parker and son, Gordon, Mr. and Mrs. L. D. Parker and daughter of Los Angeles, California are visiting their parents, Mr. and Mrs. J. O. Parker this week.

Cheslier, Sr.

THE HAMLIN HERALD

## Increase in Farm Income for May

Farm cash income in Texas  
totaled \$86,771,000 in May, a 24-  
per-cent increase from April and  
a 1-per-cent rise from May, 1949,  
according to reports from the  
University of Texas Bureau of  
Business Research.

Cattle, the greatest source of  
income in May, brought Texas  
farmers \$34,849,000. Income from  
milk products totaled \$8,981,000;  
wool, \$7,232,000; and fruits and  
vegetables, \$7,120,000.

Farmers in the Edwards Pla-  
teau district turned in the large-  
est dollar income in May—\$15-  
636,000. Southern Texas Prairies  
with \$10,513,000 and Red Bed  
Plains with \$10,362,000 ranked  
second and third.

Western Cross Timbers, up 141  
per cent, recorded the largest  
increase in farm cash income in  
May from April. Other gains  
were registered in the Lower Rio  
Grande valley, 80 per cent; Ed-  
wards Plateau 75 per cent; Red  
Bed Plains, 76 per cent; South-  
ern High Plains, 42 per cent; and  
Black and Grand Prairies, 5 per  
cent.

Monthly declines were record-  
ed in South Texas Plains, 57 per  
cent; Southern Texas Prairies.

52 per cent; Northern High  
Plains, 15 per cent; and in the  
Trans-Pecos district, 6 per cent.

In comparison with May, 1949,  
increases in farm cash income  
varied from 51 per cent in Red  
Bed Plains to 6 per cent in the  
Trans-Pecos district. Declines  
ranged from 35 per cent in the  
Lower Rio Grande Valley to 8  
per cent in the East TexasTim-  
bered Plains.

After adjustment for seasonal  
variation, the Bureau's index of  
farm cash income stood at 276  
per cent of the 1935-39 base pe-  
riod in May as compared with  
213 for April and 276 for May,  
1949.

Animals with long legs also  
have long necks in order to  
reach their food without bend-  
ing their knees

# It's here! Lone Star Gas Company's Summer Sale FLOOR FURNACES

In addition to special discounts you need  
pay only

# \$5<sup>00</sup> DOWN

for one, two, three or as many furnaces  
needed to heat your home

• Monthly Payments will be  
postponed until October

## Don't let cold weather catch you unprepared

When cold weather strikes there is always  
a rush for heating equipment. If you are  
caught in this rush, installation of your  
heating equipment may be delayed. You  
will suffer discomfort and inconvenience.

And if you wait, you miss the summer dis-  
count. You will pay more. Avoid delay,  
discomfort and inconvenience. Save  
money. Call Lone Star Gas Company,  
today.

**Flue-Vented**—Products of combus-  
tion are carried to the out of doors  
through a vent. This helps prevent  
wall and window sweating; eliminates  
stuffy air.

**Tends itself**—Automatic control turns  
furnace on and off to maintain desired  
warmth. Set it and forget it. New  
controls are not affected by periodic  
power failures.

**Economical**—Floor furnaces equipped  
with automatic controls use only  
enough fuel to maintain desired tem-

perature. No fuel wasted by overheating.  
Saves redecorating costs caused by  
excessive wall and window sweating.

**Healthful**—Floor furnaces' air circula-  
tion distributes warmth evenly. No  
underheating or drafts which may  
cause dangerous colds.

**Satisfaction assured**—Lone Star Gas  
Company heating specialists are qual-  
ified to locate and install furnaces for  
efficient operation. Your investment is  
protected further by manufacturer's  
10-Year Guarantee.

# Is this you again this Summer?

Never again if you own . . .

## PARAMOUNT Air Coolers

INSTALLED IN 30 SHORT MINUTES

Fat or thin, young or old, when the mercury rises, we all  
want relief from the heat. Paramount Evaporative Air Cool-  
ers have brought cool, soothing relief of washed filtered air  
to thousands of West Texans for years. Let us show you  
why more than a million people now enjoy the COOL,  
COOL comfort of Paramount low-cost summer cooling.

## Timely Release Tells How To Identify Insects That Threaten Cotton Crops

Many Jones County farmers were unable last year to identify certain ones of the cotton damaging insects, so The Herald prints this article, made up by a county agent.

Pointers in recognizing the most common as well as the rarer insects which are expected to plague the cotton grower this year are:

The boll weevil, the report stated, causes more damage to cotton crops than any other insect. It spreads from Texas to Virginia, riddling cotton fields.

The weevil is described as a beetle with a grayish-brown snout. It is about one-fourth of an inch long when grown. The adult feeds on squares, bolls and terminal buds. Bolls and squares form the menu for the white grub which is about the same size.

This is a particularly bad year for weevils, if prompt control is

not exercised, the report continued. They hibernate under leaves and trash in fence rows, woods and ditch banks adjoining last year's fields. It is recommended insecticides that will give effective control now, but also recommends proper farming practices for better control.

Harvesting promptly enables the farmer to cut the green stalks before frost in some area, which holds down the weevil population. Correct planting, fertilizing and cultivating methods are useful in keeping ahead of the boll weevil early in the season.

Another major cotton pest is the bollworm. When it is newly-hatched, the bollworm feeds on leaves, then it attacks squares and bolls.

Bollworm vary in color from pink and green to almost black. Four to six generations hatch annually. The full-grown worm is one and one-half inches long. It enters the ground and turns mahogany-brown before the adult emerges. A generation is completed in 30 days in warm weather. Control should start as soon as eggs and newly-hatched worms are found, the report warns.

At the adult stage, the bollworm is transformed into a yellowish to brownish moth, sometimes with a strong greenish overcast. Wingspread is one and a half inches. The female lays about 1,000 small, ribbed, white dome-shaped eggs singly on growing tips, squares and bolls. Eggs are half the size of a pinhead.

Farmers in the Southwest find that lygus bugs are an important menace to their cotton crops. These bugs also like alfalfa and migrate to cotton after the alfalfa is cut or dried out. They cause the plant to shed squares, blooms and young bolls by their feeding methods.

Adult females are straw-colored and males are darker with red and brown markings, Herron points out. Usually these bugs are not quite a quarter of an inch long. They lay their eggs in the tissues of the plants they are feeding on. Plants also become deformed, as a result.

Since a generation of these may be completed in 30 days under favorable conditions, there is a possibility of six generations in one growing season.

## COTTON QUIZ

Thrips have already appeared on Garza county farms. Adults of all varieties of thrips are easily identified by their fringed wings, says Herron. Minute in size, there are several varieties of thrip that feed on cotton. They include onion thrip, flower thrip, tobacco thrip and bean thrip, varying in color from light yellowish to almost black.

Thrips cause injury to terminal buds and leaves. Feeding thrips leave the young leaves ragged and sometimes cup-shaped. When they attack seedling plants, damage will result in stunting, excessive branching of terminal growth and sometimes outright death to the plants. Later attacks may cause the plants to shed leaves and even squares and young bolls.

Thrips are likely to migrate from weeds and small grains to cotton, after the grain is harvested or become mature. Weeds on ditch banks and deferred lands often harbor thrips and prove a source of infestation.

Last year, Herron reminds, leafworm control in South Texas was practiced to such an extent that the pest did not make its way this far north. Presence of this familiar cotton pest is indicated by ragged or stripped leaves.

Greenish, with white and black stripes, the full-grown worm is possibly an inch and a half long. It has black spots over its body and is easily identified by its

## Jones County Share Booked for Drafting

Texas, and Jones County, is soon to feel the sting of another draft call. It was announced Wednesday that 1,005 Texans will be included in the draft quota to be furnished not later than September 30.

The announcement came from Brig. Gen. Paul L. Wakefield, state director of selective service. He said it will be several days before the quota can be apportioned among local draft boards.

This apportionment will be made on the basis of available 1-A registrants, it was stated.

Eggs are laid on the under side of the leaves. They hatch and become full-grown within two or three weeks. In the folds of the leaves, the eggs change into brown pupae. After a week, the moths emerge and a new life cycle begins. Three to six generations a season are customary, said report. Leafworms are encouraged by wet weather.

If bolls are not full-grown, insecticides should be applied when the worms first appear.

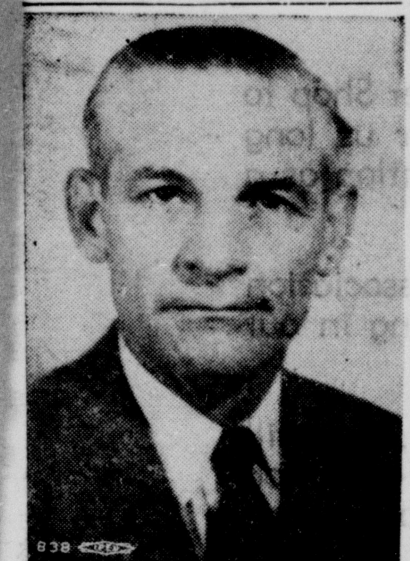

Cotton aphid is a species of the lowly plant louse. A small, soft-bodied sucking insect, it ranges in color from light yellow to almost black. Females give birth to living young throughout the year. It takes only a week to complete a generation during hot weather.

Although most adults are wingless, some times, winged forms appear. Customarily, they feed on the underside of leaves and on the stems. Injury to seedlings can occur during cool weather. Results are stunting, deforming or even killing the young half-looping crawl. A tropical insect, the moth or miller migrates to the cotton belt each season. It appears first in South Texas from April to June.

Heavy infestation later in the season caused shedding of leaves and decreased yield. A sticky secretion from the aphid, known as honeydew falls on open bolls. It stains the lint and causes the grade to be lowered. Aphids have natural enemies, particularly lady beetles, that help keep them in check.

Greatest loss of cotton caused by rapid plant bugs is the de-

## News and Fashion Note:

The over all Fashion Story: The old adage, "The American, long-legged look," becomes a real fashion look is expressively interpreted in fashions that play up slim lines, uncluttered silhouettes, that transform the 20's look of last season into 1950 refinement. The result: An easy elegance . . . a fashion finesse which through cunning design gives the impression of casualness. More specifically, 1950 American look has these fashion trade-marks:

The time has come to

TALK OF FALL and

DRESSES WITH A DAY AND NIGHT LIFE

\$16.95

*Doris Dodson*  
JUNIORS

A "Charmed Life" is precisely what is needed. Wear rayon satin with a fine pen-line stripe in a gala sleeveless dress . . . cover it with its matching mess jacket for daytime hours. Cranberry Red with Pink, Ink Blue with Platinum Gray, Bright Gold with Light Gold. 9 to 15.

A "Quick Change Artist" takes off a lined bolero and magically transforms a during-the-day dress into a fashionably bare-armed style for evening hours. A fine rayon Graystone satin in Platinum, Light Brown or Sky Blue. 9 to 15.

Ask for "The Sun And The Moon," with a celestial touch of white rayon taffeta on rayon crepe. Perfect for the Junior Executive with its covering jacket . . . a party-goer without its jacket. Choose it in Black or Chocolate. 9 to 15.

You'll like the idea of "Two For One." A date-dress to street-dress transition made possible by a button back bolero. A new rayon crepe in a choice of Bordeaux Brown, Black or Florentine Gray. 9 to 15.

## KITCHEN MEMO

BY JEAN CLARK

WHEN the latchstring is out and friends come and go, meal preparation can be so demanding the hostess can't enjoy her guests. Any food prepared ahead is a blessing. This spicy Barbecue Sauce is pre-cooked, refrigerated, used when wanted for spareribs, beef, or chicken. Melt 2 tbsps. butter or margarine, add 1 med. chopped onion, 1 chopped clove garlic. Cook until tender but not brown. Add 1/2 cup chopped celery with leaves, 1/2 cup chopped green pepper, 1 No. 2 can tomatoes, 1 6-oz. can tomato paste, 1 bay leaf, 3 tbsps. brown sugar, 2 tbsps. dry mustard, 1/2 cup vinegar, 1/2 tsp. cloves, 1/2 tsp. allspice, 2 slices lemon, 1 1/2 tbsps. salt, 1 tsp. Tabasco. Simmer over low flame 30 mins. Let stand until cool. Strain if you wish. Yield: 2 1/4 cups. Swab meat or fowl with sauce, serve the balance hot in bowls.

Sprinkle and fold clean laundry, wring and put in gas refrigerator for several hours and you're amazed how much easier it is to iron.

Split day-old doughnuts in half, toast in broiler 3 to 4 inches from flame. Serve with jam, maple syrup or honey.

When hot water has to travel to outlet taps through too much piping, there's bound to be some heat loss. Save gas by installing your automatic gas water heater nearest to tap outlets—the kitchen, laundry or bathroom.

A rubber band fastens a large paper bag over your dust mop. Shake the mop and dirt remains inside the bag instead of flying around.

They call it Creole Coffee: Equal parts of hot fresh coffee and hot cocoa to serve with whipped cream or marshmallows.

## Jane Adams Attends Tech Club Reunion

Jane Adams attended the annual reunion of the Los Vicaraches Club of Texas Technological College, Lubbock held July 14-16.

It was held this year at Wylis Dude Ranch near Fort Worth. Miss Adams is president for next year.

J. O. Parker and Mr. and Mrs. L. F. Parker, Mr. and Mrs. J. W. Maberry visited Mrs. Roby Harbert last week.

Stamp collecting puts a premium on poor printing since a blot, blur or misprint increases the value of a stamp to collectors.

## Hamlin Births

Born to Mr and Mrs. Joe V. Weir, a son, last Tuesday. He weighed seven pounds, nine and one-half ounces. He has been named William Thomas.

Born to Mr. and Mrs. W. B. Berry in the Hamlin Memorial Hospital, July 13, a daughter. She weighed seven pounds and five ounces ad has been named Linda Carolyn.

Born to Mr. and Mrs. W. C. Moore Jr., in the Hamlin Memorial Hospital a son, Monday, July 17. He weighed six pounds and has been named Chris Worth.

## Nadine Blount, Gene Westmoreland To Wed in September

Mrs. Stanley Carmichael announced the engagement and approaching marriage of her sister Nadine Blount and Gene Westmoreland at a luncheon at her home last Saturday.

Couple will be married September 19 in the Carmichael home.

Nadine is the daughter of Mr. and Mrs. W. E. Blount of Quanah.

Luncheon table was laid with an imported yellow organdy cloth and was centered with a miniature bridal scene. The bride's chosen colors, yellow and white, were used through the house decoration and luncheon appointments.

The guest list included Joanne Johnson, Jackie Jones, Peggy Terrell, Nozik Hassen, Barbara Rodgers, Ann Agnew, Frances Martin, Mrs. Billy Joe Wilson, and Norma Jean Rawson.

Wall Street in New York was so named because it follows the line of the palisaded wall or rockade built in 1652 across the southern end of Manhattan Island.

Congressmen cannot be arrested for traffic violation.

## Cardinals Surprise In Saturday Win

The Hamlin Cardinals came up with a large upes last Saturday night when they met the Loraine baseball club at the city park.

Doped to lose by an overwhelming score to the Loraine club, which is made up of former members of the McMurry team, Hamlin spanked the visitors soundly.

"Runt" McCoy had perhaps the best night of his career on the hill for the Cardinals and the collegians could do little with his curve ball all evening. McCoy stuck to that same curve ball all through the contest and made it count.

Manager Earnest Jenkins was not available to handle the team and "Duck" Weaver resumed his place at the helm. No box score for the game was available, but Hamlin's club was made up of tried and true veterans of local baseball wars. Adair, Vaughan and Butler performed in the outfield and Black, Townsend, Brad Rowland and Clyde Brown comprised the inner defense. Only one error was chalked up against this defensive group.

Weaver handled McCoy's slants behind the plate and turned in a magnificent performance.

The Cardinals will go to Dickens for a Friday night game and is tentatively scheduled for an appearance at Loraine Sunday.

Thomas Jefferson invented the sliding doors used on our street cars, over 125 years ago.

## HD Clubs Slate Joint July Summer Camp

A joint camp for Jones and Taylor County Home Demonstration Club women will begin at Lueders encampment ground at 2:00 p. m. July 27 and be over at 2:00 p. m. July 28.

Mrs. H. H. Windham, Recreation Chairman of Jones County and Mrs. Loy Strothers, Recreation Chairman of Taylor County will have charge of all the recreation and the night program.

Miss Annie Lucy Lane, Taylor County HD Agent, Mrs. Anne Hermann, Assistant HD Agent of Taylor County, and Miss Loreta Allen, Jones County HD Agent, will have charge of the crafts which will be making of aluminum tray.

Night program will be divided between the two counties.

Public is invited to attend this program which will be fun for all.

According to law, a minimum of three persons can create a riot. Bee's wings vibrate 190 times a second.

Robert Fulton and Samuel F. B. Morse, two American inventors born within 10 years of 1800, helped finance themselves as young men through successful portrait painting.

## BOOK SHOP NEWS - -

Since this is the month for vacations, we are featuring some very entertaining books for your vacation trips. Do visit our Rental Library and take along a book or two on that vacation.

Mrs. Gordon Bennett and Patricia of Abilene were visitors at THE BOOK SHOP this week—The Bennetts were on their way to Mount Sequoyia, Arkansas for their vacation.

We have just unpacked a shipment of this lovely Jubilee Dinnerware — and incidentally, Mrs. Bill Gillis, former Miss Donna Miller, has chosen the shell pink for her wedding dinnerware.

Mrs. Joe B. Stephens had as guests, Mrs. Margaret Dial and Patsy of Pampa this week. They took advantage of shopping at THE BOOK SHOP for books and gifts.

Canasta continues to be the popular game of the Summer, that is, judging from the calls we have for Canasta Cards, score pads and rule books—all of which we have a good supply.

Mrs. G. W. Hayes and Jamie of Beaumont and a sister, Mrs. A. E. Kees of Jasper were visiting shoppers and browsers at THE BOOK SHOP.

We are monogramming Napkins for Bridal or Baby Showers nearly every day and sometimes both in the same day. It's a much appreciated service and we like to do it.

Mrs. Harvey Hood of Sylvester was in Saturday and Mrs. Charles H. Scott on Tuesday. They found just what they needed for the Stork Shower they are giving.

Thomas Kutch, 15, of Wellington, on his way with his parents to San Antonio, stopped in at THE BOOK SHOP for some Sports Books. He found what he wanted. Said Thomas, "This is the first book store I've seen on our trip."

Mrs. J. J. Wallgren and Mrs. Mamie Dansby of Aspermont and Miss La Nell Green of Snyder were shopping visitors at THE BOOK SHOP Tuesday. They were especially interested in books.

Call us at 63 if you need to send a greeting card or need a gift and are unable to come to town. We'll take care of everything and it will be a pleasure to serve you.

**The Book Shop**  
63-63

## Ely Reunion in Fifth Session Saturday and Sunday At Abilene's Cob City Park Site

While there has been commendable increases in library, visual aid and laboratory facilities, there has been a tremendous expansion in the vocational departments," Dr. Edgar said.

"Vocational departments increased slightly more than 500 during the past year, making a total of 2,087 in the state," the commissioner declared. "The trend indicates that an additional 400 school districts will offer courses in agriculture, home economics and trades and industries during the 1950-51 school year."

"With Texas being an agricultural state and gaining rapidly in the world of industry, we on the state level of education certainly encourage our school districts to offer a diversity of courses to train their students to lead Texas in advances in agriculture, home building and trades and industries."

In addition, the total number of county unit systems (one school system for an entire county) doubled, making the total twenty-four.

Edgar also predicted that consolidations for the 1950-51 school year would total an additional 400, bringing the total number in the state down to approximately 2,000.

Most of the smaller schools in the state could not afford adequate library and laboratory facilities, or equipment and teachers for vocational agriculture, trades and industries, and home economic courses, Edgar pointed out.

**Veterans' News**

QUESTIONS AND ANSWERS

Q—I had several years of peace-time service in the Army. A short time after I was honorably discharged, I became ill and disabled and I feel that my disability is due to the service. What action should I take to get VA hospital care?

A—You may file a claim for disability compensation and thus get a decision from VA. Generally, as a peacetime veteran, if your disability is not service incurred or service aggravated, you are not eligible to VA hospital benefits.

Q—I am entitled to four years of education and training under the GI Bill. Is it possible for me to take one year of high school and three years of college, if I start my high school course before July 25, 1951, the deadline?

A—Yes, but you should apply to VA for a change of course before you graduate from high school.

Q—I was given an honorable discharge from the Army in 1945. I reenlisted in 1947 and was recently given a dishonorable discharge. Am I eligible for treatment in VA hospitals?

A—The fact that you were dishonorably discharged in 1947 does not deprive you of any rights to hospitalization you may have by virtue of your honorable service which terminated in 1945.

Q—Will VA furnish transportation when the transfer is approved and arranged by VA for medical reasons. Such transportation will not be furnished by VA when the transfer is for the convenience of the patient.

## Conoco Upsets To Enter Play Offs

With victories over Hitson and McCaulley, VFW and Sylvester finished in a dead heat for the first place spot in the city softball league.

Neinda played true to form to finish in the third position and Conoco upset the dope bucket with a belated exhibition of their ability in downing Lions to tie for fourth with the Lions in the standings.

The Lions Club team, which is made up of youngsters from the local school is competing in the district junior softball race at Stamford and forfeited their position in the playoff race to Conoco.

Feature games of the week were those of Conoco and Lions and Sylvester versus McCaulley. McCaulley, which has been the door mat of the league arose to contest Sylvester every step of the way before falling by a score of 7 to 3.

Winston Green could have won on the hill for McCaulley with a little better fielding support from his mates and Pete White was forced to turn in one of his typical game-saving catches in the final inning to insure the victory for Sylvester. Early was on the mound for Sylvester.

Little doubt existed that the Lions Club nine would outspeed and outthit the Conoco team to clinch fourth place in the standings. A fifth inning lead of 3-1 indicated that form would prevail when lightning struck. Base hits rained all over the diamond and final tally found a 9-3 Conoco victory.

Conoco appeared to have found the coordination which had been lacking in their earlier appearances and may show unexpected strength in the playoffs.

Hooper was on the mound for Conoco and Robert Fletcher went the route for Lions.

Final standings:

	W	L	Pct.
VFW	8	4	.666
Sylvester	8	4	.666
Neinda	7	5	.583
Conoco	6	6	.500
Lions	6	6	.500
Hitson	4	8	.333
McCaulley	3	9	.250

## Farm Institute Up On A&M Schedule

More than 250 farm leaders from 125 counties have filed tuition fees for the second annual Institute of the Texas Farm Bureau Federation to be held at College Station July 30-August 4, it has been announced by J. Walter Hammond, federation president. Instructors of outstanding prominence in Farm Bureau and related agricultural fields will have charge of the eight courses which have been arranged for the

week's training school.

Instructors will include President Hammond, R. G. Arnold, organization director, Southern Region, American Farm Bureau Federation; Dan Arnold, executive secretary, Oklahoma Farm Bureau; Dr. W. P. Sandford, Sandford Sales Service, St. Louis, Mo.; Dave Miehler, executive vice president Southern Farm Bureau Life Insurance Company; Harry Bryson, director of field services, American Farm Bureau; J. E. Stanford, executive secretary, Kentucky Farm Bureau; O. R. Long, field representative, Southern Region, American Farm Bureau; Carlyle DeLaCroix, director of rural youth department, American Farm Bureau.

Courses will be offered on the following topics: Philosophy and Policies of Farm Bureau, Membership Acquisition, Public Speaking, Salesmanship, Farm Bureau Structures, Techniques for Presiding Officers, County and Community Organizations, and Recreational Activities.

President Hammond will be toastmaster at the banquet on Friday evening, August 4, and will award certificates to leaders who complete courses. J. E. Stanford will deliver the banquet address. His subject will be "Service, the Cornerstone of Farm Bureau."

Registration will begin at 2:00 p. m. Sunday, July 30. A vesper service that evening will be the first session of the Institute. Classes will begin on Monday morning. A recreation party will be held at the Slab on Monday evening and a square dance party on Wednesday evening, also at the Slab.

## Fear of Polio Now Deployed in State

State Health Officer George W. Cox has turned the bright light of optimism on the heretofore dark picture of polio in Texas, according to a recent report to the Herald.

Observing that the state's 1000 cases of polio since the year's beginning has occurred among a population of 7 and one-half million people, the health officer Thursday deplored "the attitude of hysteria that polio creates in a community."

"That didn't mean people should not be concerned, the doctor commented, for a case of illness in any form is good reason for great concern."

"I'm talking about the fear that keeps a person or a whole community from thinking straight. Of course each case of polio is an individual tragedy for the family involved, but wholesale public panic simply is not justified."

He doesn't want to encourage complacency either, the state health officer said, adding:

"Every clear-thinking effort

Edward Everett, famous orator, delivered an address two hours long at the Gettysburg dedication.

Fog indicates approaching fair weather.

home, every community, every vacation camp consistently clean and sanitary. Briefly, elimination of fly and insect breeding places, personal cleanliness, and getting milk, water and food from safe, approved sources will aid in preventing a number of communicable diseases."

National statistics, Dr. Cox asserted, show good reason for optimism in most cases of polio. According to the figures, from 40 to 60 per cent of all victims recover completely and can do anything they choose.

From 25 to 40 per cent recover with only minor disability, and can, within very wide limits, lead perfectly normal lives. From 15 to 20 per cent are more severely handicapped, and 5 to 10 per cent terminate fatally.

"It all goes to show that polio is actually a minor cause of illness, and an even less significant cause of death, 'when compared to certain other communicable diseases,' the health officer concluded.

## ROBERT W. CALVERT IS ANNOUNCED FOR JUSTICE

Cecil Lotief of Rotan was in Hamlin Tuesday in the interest of Robert W. Calvert who is running for Associate Justice of the Supreme Court.

He stated that Calvert was a self-made man being an orphan and deserved consideration for the post.

When a star precedes the number on some U. S. currency, it indicates that the bill is a substitute, issued to replace one that was worn or defective.

One whale yields little whale-bone since it is taken from his jaw.

You're money ahead 4 ways  
with a new Chevrolet truck!

FIRST—Chevrolet's low purchase price means you're money ahead to start. SECOND—Chevrolet's great, action-packed Valve-in-Head engine plus the sensational new Power-Jet carburetor provides high-powered performance at low cost per mile. THIRD—there are rugged Advance-Design features that lower your maintenance by keeping Chevrolet trucks on the road and out of the shop! And FOURTH—because these value-loaded trucks are preferred over any other make, their resale value is right at the top. Yes, you really save all around on a Chevrolet truck. Come in and get the full facts. Let us prove that—whatever your hauling need—you'll be money ahead with a Chevrolet truck!
